Hi Liz,

Please find attached:

- a) revised 7520 Report and
- b) the 2013 UIC Well Inventory Report.

The revised 7520 report reflects changes to form 7520-3, specifically data gathered in District 1 – Cypress district office on the number of wells tested for MI during FFY13. They have reported a higher number compared to the original data. The rest of the data remains the same.

The UIC Well Inventory report is consistent with the numbers we arrived at in yesterday's webinar/meeting. This information will be placed in our FTP site as agreed.

Kindly call me if you have any questions. Thanks.
